(a) to (f) The details of the road projects awarded under the Public Private Partnership (PPP) mode across the country during each of the last three years and the current year, State/UT-wise and Project-wise are at Annexure-I. Cost - Benefit analysis is part of Detailed Project Report (DPR) study. Decisions regarding the mode of project delivery are taken on the basis of value for money. So as to ensure that the decided mode of project delivery is the optimum and most viable alternative. Tendering of the projects is done in a transparent manner on E-Tendering portal, which envisages competitiveness among the bidders. Complaints received in this regard are duly inquired into and necessary action taken thereon.
